MELBORNE, VICTORIA

When, as through a looking glass, we see the strange reflections of our past four years come vividly before our eyes again, our memories, sad yet serene, seem to be the symbols of what has been and what is to be.

As timid Freshmen we braved our way through the multitudes of upperclassmen, always looking for the mysterious "elevators" and "fifth floor." At that point in our lives as high school students the overwhelming reality of growing up was almost too much to bear. Our Senior year and our graduation seemed so far from our present thoughts!

At last our Sophomore year arrived! Settled in the routine of high school, we spent many hours wondering why the Freshmen were so naive, so small — running through the corridors as if they were completely lost. How could *we* have *ever* acted that way?

Upperclassmen for the first time, we Juniors were shocked into the realization that college and professions were not too far off! As the year flew by we were confronted with vocational ability tests, College Boards, National Merit Exams, guidance conferences, and trips to college campuses — all of which carried through our Senior year.

As we stand on Graduation Day and recollect all that has affected our lives and characters at Melrose High School, we are slightly hesitant about the future. Have we taken advantage of all the knowledge and preparation for the future which we have been offered? Whether we are to go on to higher education or to careers, we must face up to the challenges of the future. We of the LOG staff wish to help you record this past, but our wishes do not end here, for on Graduation Day, education, exciting and challenging to the youth of America, does not terminate. We will be the teachers and guides, the leaders of our democracy, the adults of the future. We must, and we will rise to the occasion and meet it with all of the energy and enthusiasm at our command!

VERITAS et HUMANITAS — TRUTH AND SERVICE

It is with mixed feelings of pride and humility that we look back on the past and take soundings before we move forward to new conflicts and new fields of endeavor. It is men and ideas which have constructed our past and it will still be men and ideas which will forge our future. An age of automation — of IBM machines — cannot displace the need for creativity, originality, and know-how.

Let us not forget that the epic of America is its discovery of the submerged powers of the ordinary person. The American experience has proved that it pays to invest in young people, to gamble daringly on many kinds of quality — not just top brains, but to make vital the many and varied talents of all. That is what is meant by a comprehensive high school with a program such as ours.

All of you have found a beginning here. The complex forces at work on your character and potential powers have been quietly moulding the personality which is you. A poet once said "I am a part of all that I have met." A little bit of all the vast storehouse of knowledge and experience is within you. As you go on from here, take with you that heritage to guide you along the pathways of the future.

Sometime during our four years nearly all of us have profited by our fine Modern Language and Latin Departments. These constantly expanding departments, led by Mr. Warren Nash and Mr. James E. Reid, have given us a strong background in languages from which we can go on to college and to our future work. Caesar and Virgil; Moliere,

Goethe, and "Volkswagen"; amo, amare, amavi, amatus, and toutes ces choses; Miss Miche's "little black lambs"; Mr. Nash's lectures on culture at "no extra charge" — these are the things we'll remember longest about our language departments. In addition to facility in language, they have given us much material for constant reflection.

"Why should you take math? Well, the brain is like a piece of steel; and you can't sharpen a knife on a marshmallow so you can't sharpen your brain on a soft course." These annual words of wisdom from Mr. Banks have guided us through our math courses at Melrose High School. The need of technical and mathematical ability in post-high school pursuits has increased even more during our four years in M.H.S. The Math Department, headed by Dr. Norman O. Rockwood, has made great efforts to meet increasing demands. We have suffered through and benefited from the beginning stages in the development of the "New Math" program; a program which has even been extended to acquaint interested parents with the methods of "modern math."

Our Social Studies Department offers a wide variety of courses for the history-minded students of M.H.S. As a Freshman, a student can travel back through time to the days of the Egyptians, the Greeks, the Holy Roman Empire, and other great civilizations. Or he may study Civics and Geography, two more valuable courses offered in the Freshman year.

In our Sophomore year comes the opportunity to explore in detail the history of the great nations of the world in our Modern and World History classes. As Juniors we have the privilege of studying United States History, which gives us an opportunity to understand the historical past of our own country and its heritage. Contemporary Civilization, a popular and fascinating course offered in the Senior year, rounds out the program of our Social Studies department.

Our training as scientists of tomorrow began as Freshmen in Elementary Science where we were taught the techniques and fundamentals on which we were to build our knowledge. Next came a never-to-be-forgotten year of frog, crayfish, and grasshopper dissections in Biology. If we selected Physics I in our Junior year, we spent many trying lab periods with toy cars and airplanes — essential equipment for many experiments. Or, if Chemistry, where every-

thing "looks like water but it ain't," was chosen we struggled through Chem lab hoping to complete the period without "massive detonations."

As we reflect upon the teachers of this department, we'll remember Mr. Hoyle's "trick explosions," Doc's "squeaky shoes," looking "up" at Mr. Killilea, and the \$2 for solving Mr. Gil's Physics problems.

Recognizing that a full educational program must prepare students for a variety of vocations, Melrose High School offers a wide selection of courses in the practical arts field. This year a new and exciting concept in merchandising education has been added — Distributive Education. This course combines on-the-job training in the afternoons, made

possible by the co-operation of local merchants, with classroom instruction in the mornings. Our Business Course prepares students for clerical jobs immediately after graduation, while the Practical Arts Course trains those students with industrial and mechanical interests for occupations after graduation.

Willard W. Robinson

Paul F. Squatrito

We have reflected our admiration for pattern and form in our work in the fine arts department: art, music and physical education. Mr. Robinson and Mr. Squatrito introduced us to other masters — The Old Masters. Inspired, we laboriously rummaged through paints, chalk, copper, tin-cans, string, and paper frantically trying to create our own masterpieces.

Music Department

Warren D. Wood

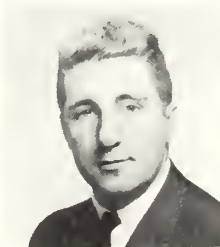

Woodrow Phelan

We expressed ourselves through music, guided by Mr. Wood and Mr. Phelan. The spirited blare of the Band at half-time during football seasons, the more sedate rhythms of the Orchestra, and the Glee Club's annual Christmas Vespers represented our efforts to reflect our spirits via music.

The Student Council, under the able leadership of Mr. John McGrath and Richard Gulla, continues some of the splendid projects begun in years past. These include the Winter Ball, Swiss Holiday; the Twirp Dance; the sponsorship of Korean orphan Tae Cun Chung; participation in the Middlesex League of Student Councils; and the weekly sale of school bookcovers. In addition to these worthy pursuits, the busy organization has undertaken the re-birth of the Future Teachers of America Club, assistance in the sale of Melrose High School banners, and the welcome addition of metal shelves along the first floor corridors for the deposit of books during lunch period. The commencement of new clubs and activities is still another project being developed by this most vital student council.

The voice of a student body is often most loudly expressed through its newspaper, and so it is at M.H.S. The school newspaper, the IMPRINT, states clearly and firmly all our ideas, complaints, and opinions. Of necessity, Tom Priestly, the Editor-in-Chief, skillfully leads his IMPRINT staff in its constant effort to bring a democratic voice to the students of M.H.S. Vivian Toney, News Editor, relentlessly tracks down all noteworthy events which take place and reports them promptly. Steve Hendrickson, Literary Editor, makes a continual effort to find inspiring and enlightening articles, poems, and philosophies for his literary page. Chris Mosher, Sports Editor, keeps M.H.S. students informed of all the athletic achievements of the various M.H.S. teams. Barbara Beake, Feature Editor, has charge of Senior Personalities, a favorite item for most students, and other special contributions in her feature page. A fleet of 40 reporters works under the leadership of this staff of editors, while a hard-working business staff struggles to make financial ends meet. With helpful suggestions and occasional prodding from advisors Mr. Chisholm and Mr. Humphreys, The IMPRINT staff turns out an exceptionally fine newspaper. Now, what's this about a MISPRINT?? . . .

Junior Classical League

Composed of third and fourth year Latin students, the Junior Classical League believes the study of Latin and classical culture to be essential to a better and fuller understanding of modern civilization. Activities of the past year included a speaker from Tufts University who spoke to the group on the opportunities that are open to those who might wish to teach Latin. The annual J. C. L. Convention was held at Bedford and attended by several members of the group.

The members of J. C. L. again conducted their candy-selling campaign during various school programs, and they donated a part of their earnings to the Permanent Scholarship Fund. J. C. L. was under the direction of Mr. James E. Reid, with the following as officers: Thomas Kenney, president; James Zafarana, vice-president; Linda Schaalman, secretary; Christopher Mosher, treasurer.

Debate-Speech Club

Under the supervision of Mr. Freeman T. Frank, the club's advisor, and Mr. Peter Brown, the assistant advisor, the Debate and Speech Club is one of the most busy, popular, and successful organizations in the school.

The varsity team is made up of Denis Chasse, Francis Hynds, and Thomas Priestly, along with the club's officers: Anthony Seymour, president; Thomas Kenney, vice-president; Clifford Abbott, secretary; and Judy Goldblith, treasurer. The varsity is backed up by a strong J.V. team and 40 other club members.

This year the club has taken part in about 400 debates. These have included four major tournaments at M.H.S., each made up of debaters from 40 New England schools and other tournaments held at Holy Cross, Dartmouth, University of New Hampshire, University of Massachusetts, New York University, and various high school campuses.

This year the Debate and Speech Club has had its most successful year since its beginning in the fall of 1960.

Honor Society

"The purpose of the Honor Society is to create an enthusiasm for and to recognize accomplishment in scholarship." (From Constitution of Honor Society).

The administration of Melrose High believes in recognizing the academic achievement of its students by awarding the gold "M" and membership in the Honor Society. Eligibility is based on scholarship and is open to all students in the junior and senior years. New members are admitted biannually in October and in February respectively. To be admitted in Octo-

ber, the students' yearly averages of the preceding June is reviewed. Membership in February is determined on the basis of second quarter marks.

Added to the honor of membership in the Honor Society is the privilege of using a library pass during any free period. Also, for those seniors who have been elected to Honor Society three out of four times, there is the privilege of retaining the gold pin and of wearing a red tassel at graduation.

SENIOR MEMBERS

JUNIOR MEMBERS

Under the direction of our new Dean of Girls, Miss Rilda Stuart, and our President, Deanna Lombardelli, Girls' Club experienced a "renaissance" during our Senior year. A monthly Girls' Club newspaper was initiated this year under the direction of Judy Brown. The newspaper announces future club activities and Girls' Club "gossip." The first program scheduled for the year was a fashion show, sponsored by Simplicity Patterns, in which members of the student body participated as models. Our fashion show was followed by an entertaining visit from the Girls' Club founder, George McPheters, popularly known as "Mac" to hundreds of Melrose High Alumnae.

Early in the year Mr. Dixon presented slides of his Travelogue European Tour.

On November 18, a representative from the John Robert Power's Charm school, demonstrated useful make-up and fashion tips from her "Magic Hat Box." The annual Thanksgiving Basket Collection was again successful. This worthy project makes it possible for needy families to enjoy a happier season.

By uniting the girls in the Junior and Senior class in a bond of common friendship and activity, the Girls' Club continues and extends the educational purposes of Melrose High School.

Glee

It is no wonder that Glee Club is one of the largest and most popular organizations in Melrose High: this club offers the joy of singing combined with meetings held on school time! Four times a week, during E. block, approximately ninety boys and girls flock up to the Music Room where they rehearse under the direction of Mr. Wood. This year membership in Glee Club was more selective than ever before as Mr. Wood aimed at achieving the exact balance of harmony among the four voice parts—

Club

Soprano, Alto, Tenor, and Bass. We all had the pleasure of listening to the results of this selectivity at the Thanksgiving Assemblies and Christmas Vesper. The Glee Club has tentative plans for an "assembly exchange" with the Glee Club of Arlington High School. The third quarter is to be spent entirely on the Operetta which is presented in the spring. This year's choice is a rollicking musical, "Annie, Get Your Gun."

As in the past, the M.H.S. Marching Band, this year under the direction of Mr. Warren D. Wood and Mr. David C. Hofmann, performed original programs during half-time at the football games. Outstanding among these were "Showboat," complete with moving paddle wheel and steam, and a square dance number performed by the majorettes.

This year the band participated in Christmas Vespers for the first time, playing a selection from Leroy Anderson, the famous Boston Pops composer. Due to the success of last year's exchange concert, a similar program has been proposed during the Spring of this year between Melrose and Sanford Maine. The band annually marches in the Memorial Day Parade and will again this year play for the Seniors at our graduation exercises in June.

Several small groups of band members have been preparing for an all-city Rotary Club Variety Show to be presented in late April. A trio of boys will play the "Bugler's Holiday," and a flute and clarinet group will perform a duet.

The band this year is fortunate to have obtained the services of Mr. Robert K. Love, a native of Medford and a former Malden High School band director. Mr. Love's musical experience has included participation as a pianist and organist in several cathedrals in central Europe, as well as leadership in many local musical groups.

G.A.A.

The Girl's Athletic Association offers all girls in all classes at M.H.S. the chance to reflect their varied athletic interests. The G.A.A. sponsors activities for fun: intra-mural volleyball, badminton, lacrosse, and the annual banquet. The G.A.A. also sponsors the inter-scholastic competitive sports, field hockey, basketball, softball, tennis, which develop good sportsmanship as well as being a source of enjoyment for the participants. But the G.A.A.'s activities are more than a source of enjoyment. Tumbling Club develops skill and precision; Modern Dance Club teaches the techniques of interpretive dancing. Indeed, each one of the G.A.A.'s activities, in which girls are expressing their preference, skills, and sportsmanship, is rather like reflection in action.

Drama

Under the well-qualified guidance of Mr. David C. Hofmann and Mrs. Joanne C. Hamlin, the Drama Club this year has reached amazing heights. Never before in recent years at MHS has the club been such a sphere of active interest and never before has it achieved so much.

Qualifications for membership in the Drama Club are interest in the theatre and a willingness to work; those not living up to these standards are soon dropped. With a membership of 140, it would appear that there is abounding, well-directed concern for drama within the walls of Melrose High.

One of the new Club projects has been the publication of a monthly newsletter, distributed to each member for announcements and up-to-date hap-

penings. Field trips to Tufts University and Bedford High School for Drama Festivals, to the Loeb of Harvard for plays and readings, and a two-day trip to Stratford, Connecticut for the Shakespeare Festival are examples of the projects which have made this club so enjoyable.

Yet the major productiveness of the Drama Club lies in its presentations. In the Fall a large audience responded warmly to the student directed "Evening of Scenes and One Acts." In January the club turned its attention to Thornton Wilder's OUR TOWN to triumph with another success, and later collaborated with the Art Department for the Art Festival in the Spring.

The school is proud of the strides this newly-renovated club is making. With hard work the Drama Club has emerged as one of the vital parts of extra-curricular activity at Melrose High.

D.E.C.A.

Three Service Clubs have been initiated at M.H.S. this year. Office Aids, under the direction of Miss Kennedy, lend valuable service to the school as receptionists, messengers, switchboard operators, and clerical workers. The D.E.C.A. Club, a national organization, composed of members of the Distributive Education Course with faculty advisor Miss Metford, prepares students to enter directly into the field of retailing after in-service training during school time.

Under the sponsorship of Mr. Grant renewed interest in teaching has been reflected in the formation of a F.T.A. organization.

We'll always be happiest
Recalling fun
Like the trip we took
To Washington.

How balmy the weather
As we got off the train:
How quickly the weather
Turned coolly to rain!

We kept latish hours
And quietly spoke
Of ways to clear our

Spry Mr. Hanlon set
Our brisk pace,
And bravely squired us
All over the place.

How quickly an afternoon

Especially when caught 'midst
Cadets changing classes!

Moments of awe we
Prayerfully spent
When we visited the grave
Of our slain President.

Returning homeward, a slight
Miscalculation:
Mr. Hanlon embarked
At the wrong station!

But now rare pictures
Are left to tell
And reflect our adventures
In the Great Capital.

The football team, without the services of first string quarterback Jack Turco, who saw only about two minutes of action during the entire season, started the season auspiciously with a 14-6 victory over Needham in the Jamboree, but were then upset by Stoneham in their first Middlesex League game by a score of 6-0.

Although winning only two of their eight games, the season saw many close games by the Raiders against a more experienced Belmont team and a Concord team where the margin of loss was by two conversion points.

Lexington was defeated 24-6 in the second Middlesex victory although in this game Rennie Welsh was injured and lost to the team for the next two games. Travelling to Gloucester an underrated Melrose team upset the heavily-favored Class A Fisherman 40-6 in the Raider's finest effort of the season!

The climax of the season on Thanksgiving Day saw the Raiders leading Wakefield throughout the first half only to be overhauled by a more experienced Wakefield team in the second half by a final score of 26-14.

Our cheerleaders under the supervision of Miss Flanagan will recall the kidnapping of the freshmen hockey bus driver during the basketball season. With Melrose High as Middlesex League hockey champions, our cheerleaders followed the team to Boston Arena for their success. The continual support and constant spirit of the Melrose High Cheerleaders gives our teams the incentive they need for victory. The Melrose High School Cheerleaders with Mary Jane Tivnan as head cheerleader, hosted the Eastern Massachusetts Invitational Cheerleaders' Competition in January of 1965. As 1964 champions, Melrose was given the honor of hosting the competition in which 12 local schools participated. Proceeds from the successful program contributed to Class Day activities.

The Majorettes performed at the Thanksgiving Day rally along with several "anonymous" majorettes. With Mary Ann Hubbard as head

majorette, the girls participated in the band concert exchange program, and the Memorial Day parade. Few students realize the extent to which the Majorettes practice their twirling routines in order to present a finished performance in their many appearances throughout the year.

According to their coach, Mrs. Waite, the contributing factors to the winning season of this year's field hockey team were the universal team effort, loyalty, and a strong desire to win. The varsity team with an eleven member squad played seven games — four wins, one tie, two losses. Although this record needs no apologies, one should note that the losses were to the veteran teams of Arlington and Concord. The one tie was the result of the most exciting game of the season. Played

in Melrose against Winchester, this game showed the strength of team support. Several of our players were out on injuries yet we managed to prevent Winchester from winning.

Three team members have benefited from Field Hockey Camp in Poland, Maine, where they learned new skills along with meeting people and having fun. Four other girls have been accepted to attend the 1965 season. Hence, we can look forward with confidence to another successful season next year.

Track

Melrose High School is pleased with this year's high scoring track team. Its record is one of the best ever and includes consistent top-place scoring by Henry Betcher (6.0 in 45 yard high hurdles), Robert Bingham (5'9" in high jump), and John Driscoll (52'3" in shotput). In addition to these high standings, Captain Dennis O'Brien set a new two mile record of 10:32.1 in the two mile run and was third place runner in the mile run of the State

Meet. These boys, along with the rest of the team, deserve great credit for withstanding well-disciplined training in extremes of weather. Throughout the season the significant factor contributing to their successes was that each individual team member cooperated fully to contribute to the strength of the team and to the excellent record which we, as seniors, are proud to recognize.

Cross Country

Since 1933 the Varsity Cross Country Team has won 178 meets and lost 27. In the past 11 years, the varsity team has won 92 and lost 15. In keeping with this tradition, the Cross Country Team had a successful season, winning 7 meets and losing only 3.

Coached by "Doc" Clark and captained by Dennis O'Brien the Melrose Harriers scored victories against Concord, Lexington, Watertown, Belmont, Reading, and non-league rivals Saugus, and Lynn English. A Winchester loss, was off-set by beating Win-

chester in the All-school league meet, in which Melrose placed third. Equally impressive was the sixth place captured in the state meet.

Robert Eddy recorded the fastest time for the course, 14 minutes and 32 seconds.

The J.V. turned in an undefeated season record. Seven of the ten wins were by perfect scores, and they also won the state meet.

BASKETBALL

After starting the season with a win over non-league Winthrop, the basketball team went on to a strong second-half season to end up fifth in the Middlesex league, with a 9-9 record. Top scorers for the team were Richard Wentzell, Richard Bushee, and John Halloran, who was also the top rebounder.

The team lost 3 or 4 extremely close games while defeating the teams from Lexington and Concord, both of which made it to the 1965 Tech Tourney. The team bombed Danvers 66-42, Winthrop 62-42, Reading 70-34, and Stoneham 77-29.

Next year looks much more promising since 3 of the 5 starters will be returning and bringing back with them a great deal of experience gained in the 50-50 season of 1964-1965.

Girls' Basketball

Great spirit and real team effort characterized this years Girls' Basketball teams. The varsity, captained by Maureen O'Brien, ended the season with a record of 2 wins — 7 losses. However, one of those games was lost by just one point, and two others were missed by three points. Miss Chase, coach for both teams, called this definitely a building year with fine prospects for the next season, as there are several strong returning Juniors, Freshmen and Sophomores who were well-represented this year. The total of 6 wins — 2 losses racked up by the Junior varsity, with Nancy Rudolph as captain, is another indication of coming glories.

Rifle Club

The Rifle Club under the guidance of Mr. Bertil G. Bloom is open to M.H.S. students in all classes who are interested in rifles, their maintenance, and their use. Directed by Mr. Bloom, the members learn proper safety measures, respect for the dangers of firearms and the ideals of good sportsmanship. The Rifle Team, an outgrowth of the Rifle Club, is composed of the top nine shooters

of the club. The entire club practices at the Armory.

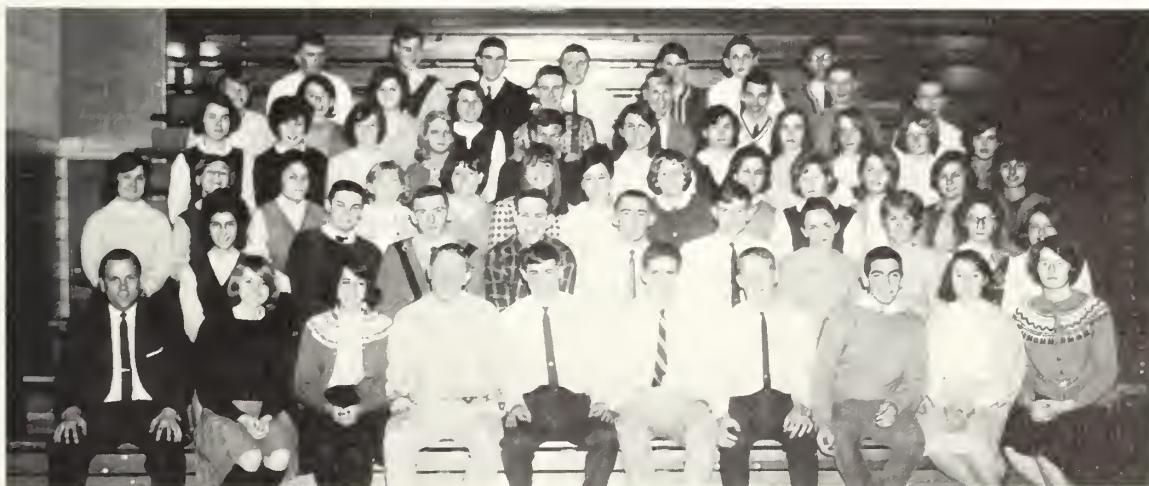

With the season nearly completed the Rifle Team has suffered only one defeat. Michele Carter is again a leading contender for the Siano Memorial Trophy which is given each year to the highest scoring girl in the league.

Ski Club

The activities of this club, the next to the largest in the school, have been somewhat hampered this year by one Don Kent and his colleagues. However, under the direction of its able officers: Joel Johnson, President; Don Hichens, Vice President; Craig Lamb, Treasurer; and Judy Lindahl, Secretary; and its able advisor, Mr.

Matthews, the Ski Club has offered ski films and safety demonstrations in the interim between snow storms. Sweatshirts were sold as the major project of the year. Day trips and races were planned during the season, which helped to give the club a successful year.

1965 MIDDLESEX

Upsetting all records, the Melrose Red Raiders captured the Middlesex League title for 1965 with a 16-0 record, a feat never before accomplished in League history! In addition, Melrose placed 5 Raiders: Captain J. Turco, R. Cann, A. Davis, R. Dyer, and R. Lennon among the Middlesex Leagues 7 highest scorers. Together with the Senior regulars: R. Collins, R. Verge and F. Ambrogne, the Raiders set a new State scoring record with 107 goals. Aiding in this record-shattering season were 4 more Seniors: P. Garipay, K. Walker, D. Verge, and K. lar 1965 hockey season.

The Raiders ran their undefeated record to 18-0 in the State Tournament defeating Malden 4-1 and Catholic Memorial 7-2. Playing at the Arena before a record-breaking crowd of 6200 after 3500 had been turned away from the quarter-finals, Melrose outshot a bigger and stronger Newton team 27-12 only to meet its first 1965 defeat by the upsetting score of 2-1.

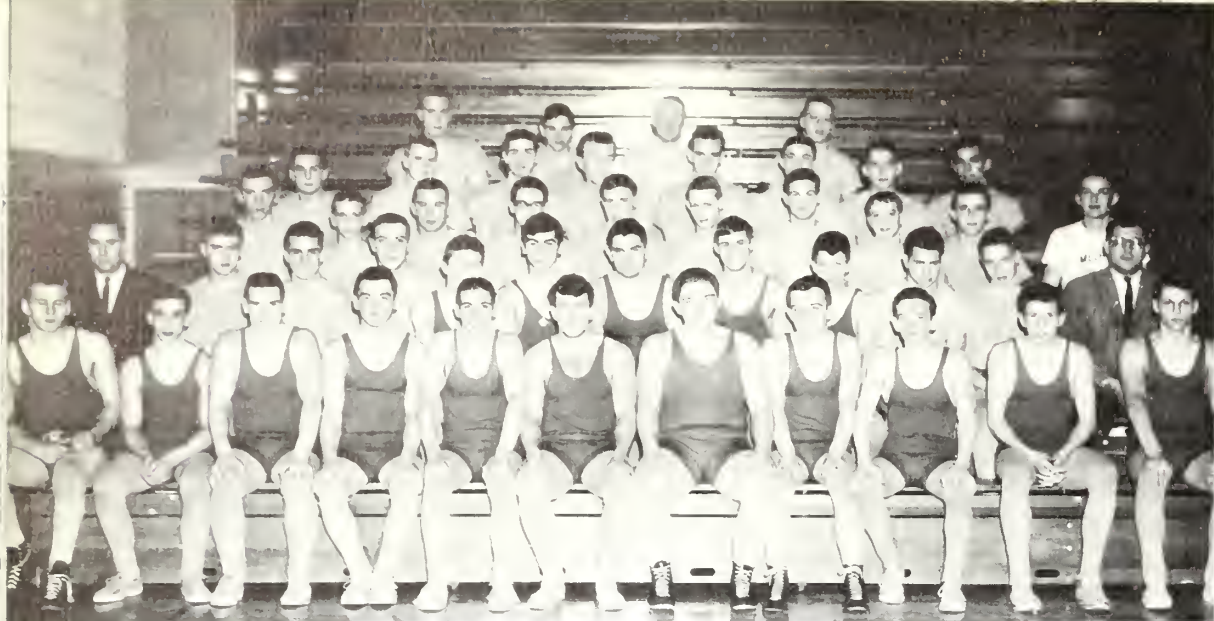

Coach Henry Hughes is optimistic about next years team with its strong nucleus of R. Dyer, R. Umile, J. Healey, C. Holland and B. Jangro, returning to maintain Melrose hockey prestige in the 1965-1966 season.

Wrestling

This year the Melrose High School Wrestling Team took part in ten matches. They defeated Haverhill, North Andover, Lexington, Malden, Winchester, and Hamilton-Wenham to end the season with a 6-4 record.

Four members from the sixty-man squad qualified for the Greater Boston Championships. In this meet, Robert Johnson placed first in the 110 lb. class, David Sheridan placed third in the 115 lb. class, Joseph Biggie was second in the 133 lb. class,

and Richard Hubert was third in the 138 lb. class. These wrestlers went on to take part in the State Meet, with Johnson, Sheridan, and Hubert reaching the quarterfinals, and Biggie reaching the semifinals. Biggie was forced to forfeit, however, because of a dislocated jaw which he had received in a previous match. Over one-half of this year's team will be returning to Coach Paul Bean's squad next year.

Gymnastics Team

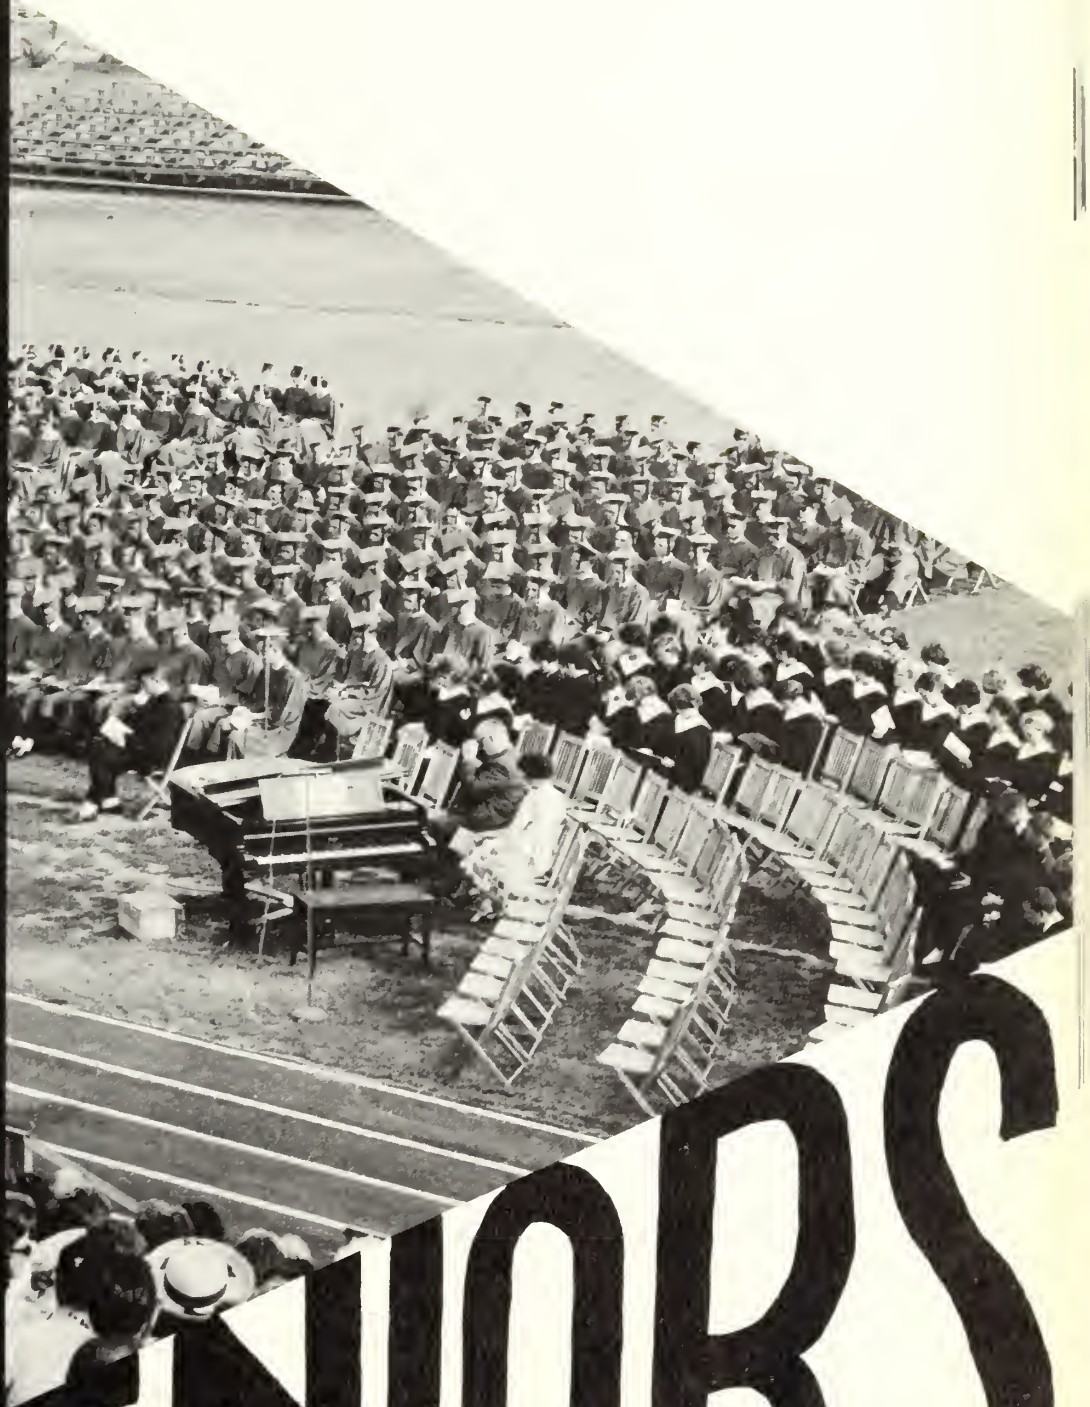

This year's Gymnastics Team appears to be the best team ever. Coach William Reynolds feels that "Melrose has improved a lot in the last four years, although we are still about three years behind the other teams in the league." Melrose defeated North Reading by a score of 103-90, but faced very strong competition from the other league teams, losing to An-

dover 135-95, Winchester 110-90, Wakefield 112-107, and Lexington 115-105. Team captain, Jim Zafarana, was out all season with a broken wrist. Melrose had three men competing in the State Meet: Cary Harkins, Butch Morrison, and Bob Bowen, who placed third in his event.

Thank You

We want to thank all who have aided us in the preparation of this yearbook. Our special thanks go to:

Our LOG Staff members, who have devoted their time, effort, and enthusiasm to the creation of this yearbook.

Our advisor Mr. Hanlon, who has guided us throughout the year, and especially helped us meet the deadlines.

Mr. Hult who has helped us reflect our high school years through photographs.

Norma Greene, Peggy Hahn, and Barbara Trites who have volunteered their time and service to the typing of this yearbook.

The faculty, whose consideration helped us ease the busy schedule of picture-taking.

All of the people who have helped finance the LOG through advertisements and subscriptions.

***Before you accept
that first job . . .

Look over
your
employer
as carefully
as he does
you***

What's the Company like anyway? Would I be proud to work there? Reputation for square dealing with employees? Pleasant surroundings?

Will I be working with others my own age? Are they friendly? Do they socialize after hours?

Will the boss be reasonable? Appreciate good, hard work, but won't explode if I make a mistake?

Will I make a decent week's pay? Have a chance for raises, advancement, more responsibility? How about fringe benefits?

Is the work challenging? I had what it takes to get through high school. Will they give me a chance to use my brains?

Note: Many young men and women in this area can answer "Yes" to these questions. They work for New England Telephone Company . . . New England's largest employer.

Why not talk with our employment interviewer soon . . . before you graduate? Ask your Guidance Counselor to tell you when and where to apply.

Our Most Important Crop

YOUNG PEOPLE!

And a serious problem it is to provide jobs, incentives for them to locate here when school days are over. One way we help is by loaning the money to erect and improve homes. Requiring large quantities of construction materials in addition to the use of skilled workers, home building creates employment for many people.

Your savings help us to make this possible. Save at home and buy at home. That's the way to keep the future of our community as it should be, bright.
